Addendum

CANADIAN LIFEGUARD EMERGENCY RESPONSE CHAMPIONSHIPS

Sanctioned by the Lifesaving Society
May 28-29, 2009, Montreal, Quebec

SCENARIOS

The Canadian Lifeguard Emergency Response Championships involve three, scenario-based Championships – Water Rescue, First Aid and Priority Assessment. Each scenario is designed to test the knowledge and skill of the competitors and to showcase their ability to work together to provide care to a variety of victims.

As it we continue to celebrate the 100th anniversary of saving lives in Canada, the scenarios for CLERC shall reflect the diversity of our country, while showcasing competitors' ability to cross provincial boundaries and provide a high level of care.

Below, in alphabetical/chronological order, are the Canadian disasters which may be used as the basis of the situation designs for the 2009 Canadian Lifeguard Emergency Response Championships.

- 1936 Heat Wave
- 1950's Red River Floods
- 1972 Canada-USSR Summit Series
- 1976 Montreal Olympic Games
- Empress of Ireland Sinking
- Hillcrest Mine Disaster
- Queen Charlotte Earthquake

We look forward to seeing you In Montreal.
